

2010 ANNUAL REPORT

OHMSHO DEMSHO

DEAR FRIEND OF DENSHŌ,

Welcome to Denshō's 2010 Annual Report. This is our opportunity to share what Denshō is doing and to acknowledge our generous supporters and the work of our volunteers, board, and staff. Please read through the report and if you like what we are doing, please consider becoming a 2011 supporter by enclosing a donation in the attached remittance envelope. Your contribution will go directly towards the programs described on the following pages.

With warm regards,

Tom Ikeda
Executive Director

JAPANESE AMERICAN ORAL HISTORY PROGRAM

The touchstone for Denshō is the personal stories that hundreds of Japanese Americans have shared about their experiences during World War II. This program is our largest as we build a comprehensive collection of oral histories about the diverse journeys of Japanese Americans during World War II. We have over 500 video-recorded interviews available from our website and expect to have 700 interviews online by the end of 2012. A major focus of our efforts is to increase the geographic and topical diversity of the collection. There is a great deal of urgency around this program as individuals who have adult memories of World War II are rapidly disappearing. This year we completed a 4-year partnership with the Manzanar National Historic Site which resulted in 200 new interviews. We are also halfway through a Japanese American Confinement Sites (National Park Service) grant to add 140 interviews to the Denshō online collection, and over the last two years we've received funding from the California Civil Liberties Public Education program to conduct and web-host 45 interviews.

OF INTERVIEWS IN DENSHŌ ARCHIVE FROM 2005 THROUGH 2012

ONLINE PHOTOGRAPH & DOCUMENT COLLECTION OF THE JAPANESE AMERICAN EXPERIENCE

A simple photograph or a personal letter can open up a river of emotion and understanding. Recognizing this, we are improving the quality, diversity, online access, and size of our online photograph and document collection. Over the next three years we will increase the number of historic photographs and documents by five-fold. Currently we have 11,000 photographs and documents scanned, captioned, and indexed on our website. By the end of 2013 we will have over 50,000. We are also creating tools and procedures, and updating our online photo and document database to allow partnering organizations to scan and publish their materials to this web database. This work is supported by a grant from the Japanese American Confinement Sites program.

CLASSROOM EDUCATION ABOUT THE WORLD WAR II INCARCERATION OF JAPANESE AMERICANS

Our education program is based on the belief that it is through critical thought and meaningful deliberation that we make sound and reasoned decisions that uphold our democratic ideals, even in times of crisis. With this focus and with our rich materials, we are in phase one of a nationwide teacher training program. Over the last two years we've created and tested in the Seattle area, classroom curriculum, teacher resource materials, and teacher training workshops. In 2011 we

received a two-year Japanese American Confinement Sites grant to expand this successful Seattle effort by training 600 teachers in 6 states and creating materials for ten thousand other teachers to be downloaded from our website or distributed through the mail and at conferences.

ONLINE ENCYCLOPEDIA ABOUT THE WORLD WAR II INCARCERATION OF JAPANESE AMERICANS

I love the easy access to quick information from Wikipedia but lament its inaccuracies and sloppiness around information about the World War II Japanese American experience. As a result, we decided to create something that is better informed, more in-depth, but still easy to access. We are halfway through a two-year project to create a 360-article, online encyclopedia about the World War II experiences of Japanese Americans. Articles will be newly written and linked to the rich photographs, documents, and video testimonies in the Denshō Digital Archive. The encyclopedia will be designed for free public access over the web, smartphones, and digital tablets. This work is supported by grants from the Japanese American Confinement Sites program and the California Civil Liberties Public Education program.
